18. Communications from Committees/Working Groups/Parties and Panels

a) Referral from Full Council - Climate Emergency Motion

At the Full Council meeting on 11 July 2019 a motion was passed which declared a climate emergency. The motion set a number of objectives with an overarching aim of reducing the Council's environmental impact. The motion also recognised there were a number of areas which required the development of a more detailed strategy.

Therefore, Full Council recommended that Cabinet adds an item to the Cabinet Overview Working Group Work Plan to develop a strategy which looks into the feasibility of:

- i) Installing photovoltaic panels on all public council buildings within the next two years where possible; and
- ii) New council built houses having a minimal carbon footprint; and
- iii) Creating an action plan which focuses on reducing the impact of day to day living on the environment beyond that caused by greenhouse gas emissions.
