**To:** Licensing  
**Subject:** Chequers Objection FULL VARIATION APPLICATION

Good afternoon ,

In relation to the full variation as detailed below . Essex Police wish to object on the grounds of **Public nuisance** as detailed below :

Chequers public house was brought to review on 2<sup>nd</sup> December 2020 where one the sanctions imposed was not being able to use the outside space after 21:00hrs.. National COVID lockdown then followed. The DPS changed to Mr Hakan HAYRETTIN in April 2021. Government lockdown eased on 12<sup>th</sup> April permitting outside spaces to be used within guidelines. Both Police & local authority attended the premises on Thursday 22<sup>nd</sup> April 2021 and discussed licensing conditions with the DPS and Mr [REDACTED] [REDACTED] representing the premises licence holder. The premises have only tested their new management processes for 8 x weekends to date. I feel this is insufficient time to prove their new system works. Having this outside area open selling alcohol would be in breach of the newly acquired licence.

Essex Police believe that this will cause public nuisance to the local community and lead to crime & disorder. With Public nuisance being the foundation for the licensing review in December 2020 and recent rejection of number on TENs at the same premises on 26<sup>th</sup> May 2021 .
