Subject: Closure of the Clockhouse under section 53a

Dear Sir/Madam

I strongly object to the police closing the Clock House, due to anti-social behaviour. I am a regular afternoon drinker in the Clock House and have not witnessed any major problems in the pub. A lot of drunks gather in the Market Square, but this is nothing to do with the Clock House and has mainly been facilitated by the concrete seating put there by Harlow Council.

I rarely see any police patrolling the town centre. Maybe if they did, it would cut down on the anti-social behaviour and the drug dealing, in that part of town. Shutting down a pub is not the answer as it is a hub of the community. Will they shut down Wetherspoons next?

Please advise the police to do their job, rather trying to close down businesses that are already struggling, due to covid and the current economic situation.

Yours Faithfully
