Re - The Easy Rusty bike Company  
Formerly the queens head 26 Churchgate  
St. Appeal of late license

I Daren Jones-Chapman of 24 Churchgate  
St. (a neighbour) strongly appose any  
later license than they are already  
lucky to have. Firstly noise pollution  
to my residence from the Pubs kitchen  
and grounds is already terrible. I  
object 100%, they do not have enough  
parking and a little village street did  
not need a sports bar with TVs  
showing football, I therefore strongly  
object to a late license. As someone  
that WILL be affected by this I will  
be devastated if this license is  
granted. Yours sincerely
