Dear Sir/Madam,

I would like to strongly object to the extended licencing hours and live music on these premises. The customers leaving at this time of night are loud, leave broken glass all down the street and generally wake everyone up in our house with the behaviour.

We have witnessed obscene acts outside the pub between customers in a drunken mess. We can hear the customers coming out at night shouting and blocking the road late at night. This is an accident waiting to happen.

If you allow them to extend the hours this will make thing worse for the residents that live in this great neighbourhood. We are afraid to drive or walk down the road when the pub is open late on a Friday or Saturday night.

Regards

Mark Stower
