## Interpretation of Class A

A2 The reference in Class A to any small ancillary building, works or equipment is a reference to any ancillary building, works nor equipment not exceeding 4 metres in height or 200 cubic metres in capacity.”

Why are these Statutes being ignored?

### **Reply from Councillor Mike Garnett (Chair of Development Management Committee):**

The Small Holdings and Allotments Act is not a planning act and separate consent may be required.

Regarding permitted development rights, these are not being ignored where the use is incidental to the use of the allotment.
