### Executive Summary

**A** This report provides Cabinet with the detail of the current non domestic rate debts requiring Cabinet approval to write off.

### Recommended that:

**A** Irrecoverable Non Domestic Rates amounting to £158,473.81 be written off

### Reason for decision

**A** The Cabinet's approval is required to write off irrecoverable debts over £20,000.

## Other Options

- A There are no other options other than to write off these debts as all other options for recovery have been exhausted.

## Background

1. Harlow Council has an excellent record of recovering monies owed by customers. The council collects 99% of Non-domestic Rates due. Debts are only ever written off as a last resort and where recovery is deemed to be impossible. The amounts put forward for write-off in this report amount to less than 1% of the total collectable debts.
2. All efforts to recover debts are undertaken in accordance with the relevant legislation.
3. The debts being presented to Cabinet for approval are the outstanding rates due from limited companies that have entered liquidation or have been dissolved.
4. On-going review processes have identified 4 non domestic rate debts requiring write off approval in line with Financial Regulations. Further details for each are shown in Appendix A, Table 1.

DEBITS		
REASON	NO. OF ACCOUNTS	TOTAL
Liquidation	1	£69,283.12
Dissolved	3	£89,190.69
<b>TOTAL</b>	<b>4</b>	<b>£158,473.81</b>

## Issues/Proposals

5. The Revenues and Benefits service works hard to minimise write offs, and as a result reports of debt write offs are only presented to Cabinet when all other options for recovery have been exhausted.
6. Whilst action is taken to minimise debt write offs, the council does make provision for doubtful debts. Write offs relating to Council Tax and Non domestic rates are accounted for in the Collection Fund and are shared with the precepting bodies in accordance with collection fund accounting principles.
7. Debt write offs are a normal day to day activity and it is good practice to write off irrecoverable debts.

8. Benchmarking has not been undertaken as comparator data is not publicly available. Additionally, each local authority will have differing levels of authorisation for debt write offs within its financial regulations.

## **Implications**

### **Equalities and Diversity**

A decision tree has been conducted and is attached at Appendix B. An equality impact assessment is not required.

### **Climate Change**

No climate change implications have been identified

### **Finance**

Harlow is the billing authority and collects Non Domestic Rates on behalf of the precepting bodies. Harlow's share is 40% of the total rates collected, after the tariff has been apportioned to Government.

The total amount written off will be charged to the collection fund and apportioned to the precepting authorities.

### **Governance**

Financial regulations require that write-off requests relating to Council Tax, Benefit Overpayment, sundry debt and non-domestic rates be presented to Cabinet for formal approval.
